

Lithuanian Erasmus+ National Agency is managing national project “Study in Lithuania” with the purpose to attract foreign students to study in Lithuania.

We are excited and happy to announce that on December 18th, 2020, “Study in LT” team will host the first ever **Lithuanian virtual higher education fair**.

We would like to kindly ask you to **share this information** with your students as we were informed that some students from your university had Erasmus students in Lithuania and they might be interested in full studies in Lithuania.

This free-of-charge online event will bring together potential students of Turkey, Ukraine, Kazakhstan and Uzbekistan with the representatives of **25 Lithuanian higher education institutions**. During the 5-hour-long event, the students will have a chance to chat with and gather information from the representatives of the universities at the virtual booths as well as watch a series of webinars about each participating higher education institution. The event will also include a booth of “Work in Lithuania”, an initiative aimed at encouraging professionals living abroad to build their careers in Lithuania.
