The university has schools in the City of Samsun and 7 other counties. The main campus is in Samsun, a coastal and harbour city situated on the border of the Black Sea. The University gives great importance to science, education and research and is one of Türkiye's strongest research and teaching institutions. It also aims to satisfy a student's needs in terms of professional training and other social needs, such as accommodation, health service, nutrition, cultural, social and sports activities, etc. The university has 20 faculties, one school (first cycle), 12 vocational schools (short cycle), 2 graduate schools, 24 research centres and one conservatoire.
